**CHANGE ONE THING CAMPAIGN**

📍 All Centres

Being conscious about the negative impacts our daily lives have on the environment, social communities, our health and well-being can help us to be more sustainable. Every small change we make to counter these negative impacts can help to change the world we live in. So, we are asking that for Sustainability week, you think about one small permanent change you can make this year to make a positive impact.

This could be: using a reusable water bottle or cup, cycling or walking to get around (get off the bus one stop early and walk...), picking up litter and putting it in a bin when out and about – the list goes on... It would be great once you have thought of this change, that you take a selfie of yourself, post it on your social media feed tagging us on Instagram [@Morley\\_College](#) or Twitter [@MorleyCollege](#) with the [#MorleyCollegeLondonChangeOneThing](#) to spread the the word.

**Thurs 8 June 4:00 – 5:30pm**  
**THE NETTLE DRESS FILM WITH**  
**Q&A FREE**

📍 Waterloo Centre

Open only to Morley College London, Students, Friends and Teaching Staff

**DOCUMENTARY BY**  
**DYLAN HOWITT** 68 Mins | UK | 2022  
Follow [@nettledressfilm](#).  
Followed by an hour of Q&A with Allan Brown.

For Sustainability Week Morley College London is proud to be showing The Nettle Dress Film on Thursday 8 June with a Q&A afterwards with Allan Brown, maker of the Nettle Dress. You will have a chance to handle the Dress.

Textile artist Allan Brown spends seven years making a dress by hand just from the fibre of locally foraged stinging nettles. This is 'Hedgerow Couture', the greenest of slow fashion and also his medicine. It's how he survives the death of his wife and finds a beautiful way to honour her. A modern-day fairytale and hymn to the healing power of nature and slow craft.
